

Nutrition Medicine

Enrolment and Re-enrolment for GC112, GD147 and MC147

Re-enrolling in Courses

Never enrol in a course that you have previously enrolled in. If you are unsure about what course you should enrol in please login to the RMIT website <http://www.rmit.edu.au/students/results> which will list the courses you have previously been enrolled in. If you can not find the information you are seeking online please feel free to contact me via email victoria.janman@rmit.edu.au

Courses

Only ever enrol in 1 or 2 courses for any given semester. Please remember you will be invoiced for all courses you enrol in.

If you are planning to enrol in 2 courses for example in 2007 you would be best to enrol in 1 course in semester 1 and another course in semester 2. By doing this you will stay active on the RMIT data base for the year and your fees will be invoiced for 1 course each semester.

Remember that students have until the census date to apply for leave of absence or drop courses.

Census dates:

Semester 1:- 31st March

Semester 2:- 31st August

Re-enrolment

Students that have not enrolled in any courses in semester 2, 2006 and have not completed a leave of absence form will need to submit a Direct Application form. Once the form has been processed you will receive a letter of offer. Once the letter of offer has been received students will be able to re-enrol.

Note: Fee-Help

Fee Help (For Australian Citizens only)

Please contact me if you require a Fee-Help form.

Previous applications for Fee Help will carry over to the next semester. However, if you have been cancelled from the RMIT database due to not enrolling in a course in semester 2, 2006 and have not completed a leave of absence form, please remember to re-apply for Fee-Help.

New Students

Firstly submit a Direct Application form. Once an offer has been made students will be sent information about enrolling. After you have been enrolled Australian College of Holistic Medicine (ACHM) will forward to you your study materials.

Important Note about **Fees:**

Please remember that you will be invoiced for however many courses you enrol in each semester.

Census Date for Leave of Absence & Cancellation of Enrolment

Please remember that the census date (Semester 1: 31 March & Semester 2: 31st August) is the last date for students to withdraw from courses.

2007 Courses
